Featuring

Creating Moments of Joy Along the Alzheimer's Journey

By: Jolene Brackey (5th Edition)

Wednesdays in June 11:00-12:00

June 2, 9, 16, 23, 30

Join other caregivers, family & friends of people living with dementia to discuss the book, learn, & support one another.

We will focus on finding joy in everyday moments, as the person with dementia may not remember the words or actions, but can remember the feeling.

Creating Moments of Joy helps us learn what we can do to create these moments for people with dementia.
