

Personal Emergency Response Systems (PERS)

Personal Emergency Response Systems (PERS) let you call for help in an emergency by pushing a button or by automatically signaling for help on your behalf. There are three components to a PERS: a small radio transmitter, a console connected to your telephone, and an emergency response center that monitors calls.

Information Included: PERS Provider List & FAQs

This document provides a list of PERS options in the traditional sense, but it's important to note that smartwatches now feature fall detection technology that could act similarly to a PERS option. PERS devices are specialized for emergency situations, while smartwatches, phone applications, and fitness trackers are versatile with emergency features among its many other functions. The choice depends on your needs, lifestyle, and comfort with technology. The following smart watches offer fall detection: Apple Watch, Samsung Active and Galaxy Watch, Gamin Smartwatches, Huawei Wearables, and Google Pixel Watch.

Questions to ask when shopping for a Personal Emergency Response System (PERS)

1. Do I have to sign a contract?
2. Does the company help with installation for the medical alert system? What is the cost?
3. Does the company monitor vital signs or activity, if so, is there any additional charge?
4. Does the company offer a "Cellular" option that can be outside of the home?
5. Does the company offer a device with "fall detection," if so, is there any additional charge?

www.daneadrc.org

6. Does the company offer a device with Global Positioning System (GPS), if so, what is the cost?
7. Does the company offer fire, smoke and carbon monoxide monitoring, if so, is there any additional charge?
8. Does the company offer medication reminders, if so, is there any additional charge?
9. Does the medical alert system require a land-line?
10. How long is the battery life? Does the company remotely track the battery life? Is there a reminder when the battery is low?
11. Is there a set up/activation fee for the medical alert system?
12. What are the pricing options, do I pay monthly, quarterly, yearly?
13. What if I no longer require a medical alert system? What is the return policy?
